4 O'CLOCK P. M.

New York, Nov. 28.—The steamer Illinois, from Port Royal afternoon of the 25th, brings a mail and seventy-four passengers.

Steamer Flag arrived at Port Royal 24th, and reported that Tybee Island was slightly shelled by the Pocahontas, Seneca, Augusta and Flag, and meeting no response a force of marines were sent on shore, who found it vacated, took possession and hoisted the American flag. Tybee Island is at the mouth of the Savannah River.

Contrabands continue to arrive at Port Royal in large numbers. Gen. Sherman had built entrenchments across the whole island. Shortage of cotton were found in storehouses and barns, and also unguined.

Another expedition, consisting of two brigades under Gen. Viele, would soon sail from Port Royal for the Southern coast. Steamers Empire City, Cahawba, Marion, McClellan, Matanzas, Oriental, and all the light gunboats, were to be employed in the new expedition.

Beaufort was still unoccupied by our troops, but two gunboats were anchored off the town.

G. H. Hubbard and Triffin of the 8th, and Nash of the 9th Maine Regiment, had died.

The steamer Ericsson has arrived, bringing one prisoner and forty-three laborers from Port Royal. The schooner Essex had arrived at Hilton Head, and reported having been chased and fired at by a pirate several times between St. Helena Sound and Hilton.

An order will probably soon be issued forbidding small scouting expeditions, which only result in ambushes and murder.

An extra pair of shoes has been served to the army.

The Times dispatch states it is currently reported that Jeff. Davis has appointed Breckinridge and Hunter to succeed Sidel and Mason, and they are to make their way secretly to Quebec or Halifax and thence to Europe.

Henry Wilson, it is said, will introduce a bill to Congress, abolishing slavery.

The Herald dispatch says that an officer from Fort Monroe on Saturday last laid papers, which had been seized, before the President and Cabinet, which proved to be a communication from Southern rebels, forwarded by British Consular Agents of the principal Southern cities to Lord Lyons, who in his official capacity had forwarded these rebel documents to England.

The President and Cabinet were a good deal excited, and Lord Lyons will be called upon for an explanation in order to extricate himself from suspicion, which now rests on him, of collusion with the rebels.

New York, Nov. 29.

The Tribune's Washington dispatch says, Adjutant Thomas has sent instructions to Gen. Sherman at Port Royal to seize all the cotton, corn, rice and crops of various sorts within his reach, and to use what is necessary or of value for subsistence for his troops, and to send the cotton to New York to be sold for the benefit of the Government. Gen. Sherman is also directed to take the services of negroes, not only to aid in gathering crops, but also in making fortifications.

The Herald's dispatch says, the War Department is expecting an announcement from Gen. Sherman, that he has taken possession of the rebel fortifications commanding the entrance to St. Helena Sound, about 15 miles north of Port Royal, and commanding the outlet of the Coosaw and Combahee rivers, thus securing the entire control of all approaches from the ocean to the cluster of sea islands, and affording another avenue for a movement towards the interior of South Carolina.

The Reliance came up to the Navy Yard from Indian Head this evening. Capt. Hammond reports that just before he left, a heavy fire was opened from the rebel batteries at Shipping Point. Three or four shots had been fired while his ship was within sight and hearing. Nothing could be ascertained in regard to the object that the rebels were firing at, as no vessel appeared beyond Stump Neck.

The Constitution with the advance guard of Butler's expedition, left Hampton Roads on Wednesday afternoon at three o'clock.

It is reported that the Nashville has run the blockade of Charleston, taking in a valuable cargo of woollens, arms, telegraph wire, percussion caps, salt, &c.

Wheeling, Va., Nov. 28. A full organization of the Western Virginia Convention was perfected to-day. The work of forming a State Constitution has been assigned to a committee of nine. There is no division of sentiment on the new State. Business will be dispatched as fast as possible, and application made to Congress early in the session for admission. There is a general outside report that a gradual emancipation clause will be adopted.

New York, Nov. 29.

Letters from Port Royal report that an expedition left on the 21st inst., to St. Helena Island, and without striking a blow took the enemy's works. The guns had been carried inland. Another expedition to the interior was on its mission.

Baltimore, Nov. 29.

The Old Point boat brings no news. A flag of truce brought down three ladies, but no news. The rebels are evidently keeping the Southern news back.

New York, Nov. 29.

Gen. Fremont arrived here last night.

PHILADELPHIA, Nov. 29.

The Inquirer's Fortress Monroe letter states that the rebel reports say that Pensacola has been evacuated, and that the Navy Yard was entirely destroyed by Port Pickens. Col. Bragg had sent for reinforcements. Five of the Federal vessels assisting Col. Brown are said to be riddled by shot.

New York, Nov. 29.

It was reported that there were 14,000 rebels at Hardeeville, 20 miles from Hilton Head, under Gen. Drayton. The most of them are also pressed men. The rebels, it is said, are also concentrating a force at Blufftown. Apparatus indicate that the Pensacola are determined to burn their crops on the approach of our troops or gunboats.

The rebels guns at Braddock's Point, the extreme southern point of Hilton Head Island, have been spiked, and are now ready for use by our troops. Hilton Head dispatches state that Benjamin Chaplin was made a prisoner through the efforts of his own slaves. Chaplin says the rebels are concentrating in force on the mainland and hope to retake St.

Phillips' Island as soon as some of our vessels leave these waters, but have no hope of retaking Hilton Head.

At the request of the Governor, John Howe Jr., of Brandon, has assumed the superintendence of all matters pertaining to the aid of families of Volunteers by the State. The agents in the several towns will therefore address their inquiries and make their reports directly to him. Mr. Howe is a thorough business man, and one eminently qualified for that responsible position. It is proper to add that he accepted the appointment only upon the personal solicitation of the Executive, as he was not an applicant for any official position.—Brattleboro Phoenix.
